The resolution was adopted by the following vote, the yeas and nays having been ordered and taken:—

Yeas—All the members present, fourteen (14) in number.

MISCELLANEOUS BUSINESS.

The following preamble and resolution were presented by Alderman Hart and adopted:—

Whereas, It has been deemed necessary for the protection of the public to appoint Inspectors of Weights and Measures and Water Meters by the City of Jersey City; and

Whereas, While not imputing any wrongdoing to the Public Service Corporation, yet it would seem that it is a necessary policy in order to prevent errors from defective meters that the city should appoint Inspectors whose duty it would be to see that such meters registered correctly; and,

Whereas, Numerous complaints have been made against excessive charges for the use of gas, "chargeable to the wrong registering of meters," and little or no redress vouchsafed to those who complain, I therefore deem it in the interest of a long-suffering public to introduce a measure for relief, which has long existed in other cities, to wit: Public Inspection of Gas and Electric Meters; therefore be it

Resolved, That the Clerk of this Board be instructed to communicate with the Corporation Counsel, asking him to render an opinion to this Board as to the jurisdiction of this Board in the herein mentioned matter.

On motion of Alderman Calnon the following entitled ordinance was taken from the table for consideration, viz:—

"A spplement to an ordinance entitled 'An ordinance concerning the carrying of dangerous weapons.' "

The ordinance was read, considered, and then passed by the following vote, the yeas and nays having been oordered and taken:—

Yeas—All the members present, fourteen (14) in number.

The President then declared the Board adjourned.

MICHAEL J. O'DONNELL,
City Clerk.

OFFICERS' COMMUNICATIONS.

The following communication from the Corporation Counsel, in response to preable and resolution presented by Alderman Hart June 28, 1904, was presented, received and ordered filed:—

To the Honorable The Board of Aldermen of Jersey City:—

Gentlemen—In reply to your resolution as to the jurisdiction of your Board in the matter of the inspection of gas and electric meters, I have to say:—

That by Section 24 of the Act of March 31, 1871, the Board of Aldermen is authorized to pass, alter or repeal ordinances for sundry purposes, among which is the following:—

"To provide for the appointment and "government of inspectors of scales, "weights and measures and prescribe "their duties and compensation, and to "enforce the keeping and using of just "weights and measures."

By virtue of this statute the Board of Aldermen passed an ordinance on June 6, 1871, defining the powers and duties and regulating the compensation of inspectors of scales, weights and measures. A supplement to this ordinance has since been passed. These ordinances contained no reference to meters of any kind.

I am of the opinion that, by virtue of the foregoing law, your Board has the power to pass an ordinance similar to the ones above referred to, enlarging the powers, duties and compensation of the existing inspector of weights and measures, so as to vest in him similar control over gas and electric meters as he now has, by virtue of said ordinances, over the subject matter of the same.

Respectfully submitted,

GEORGE L. RECORD,
Corporation Counsel.

Dated July 18, 1904.
